## J. P. (Joe) KENNISON SENATOR PITTMAN, STAND UP!

Senator Pittman you are a candidate for reelection to the United States senate, seeking the support of your constituents on your record. There are many questions in which the voters of Nevada are directly interested and on which they feel they are entitled to know your sentiments and to hear your answers. Here are some of them:

Didn't you work and vote for the passage of the Underwood Tariff Bill as soon as the Wilson administration took charge in 19137

Didn't you attack the sheepmen of Nevada in a speech delivered on the floor of the Senate in support of free wool in April. 1913?

Isn't it a fact that you are a believer in the doctrine of free trade as esposed in every Democratic platform in the last several decades and won't you help the Democrats to restore free trade if they ever get in power again and you are in the senate?

Isn't it a fact that when the emergency tariff act was before the Senate in 1921 you tried every way in your power to keep the duties provided for in that bill as low as possible?

Didn't you vote against and talk against the present tariff act and haven't you denounced it on your present campaign trip throghout the state?

Were you not a party to the ruinous deflation credits policy inflicted on the agricultural and live stock interests of the country by the Wilson administration?

Why was it that you were selected by the Standard Oil and the British owned Dutch Shell Oil companies to foster and introduce the iniquitous oil leasing bill which bears your name and which was passed by a Democratic Congress in exactly the shape the Standard and Dutch Shell companies drew it?

Isn't it a fact that you favored and voted for practically every piece of ruinous legislation enacted by the Democratic administration during the eight years it controlled national affairs?

Have you ever initiated any original legislation in the United States Senate that has been beneficial to the state of Nevada or its people?

Didn't you favor the entrance of the United States into Wilson's League of Nations?

Wouldn't you vote to have the United States enter the League of Nations if the question ever should come before the Senate again while you are a member?

Didn't you oppose the treaties presented to the Senate as a result of the Armament Conference?

Didn't you betray your trust to your constituents by withdrawing from the Interstate Commerce Committee at a time when you knew the "Long and Short Haul" provision on the transportation act would be considered?

Didn't you fail to vote when the amendments proposing the elimination of the Back-Haul charges were being considered in the Senate?

Didn't you seek and obtain membership again on the Interstate Commerce Committee after you knew that the Back-Haul question had been definitely settled?
